To allow each player to play a position of her desire suited to her skills and development, with guidance from the Coaching Staff. To provide all players with a fair opportunity to compete for the open roster positions on game day.

Equipment

Each player of the Boston Militia is responsible for wearing the team-supplied helmet or an approved substitute and for providing for her own use the following required football equipment and gear: shoulder pads, knee pads, hip pads, thigh pads, girdle, belts, socks, and cleats. If a player does not wear such required equipment, she will not be allowed to practice or play with the Team. Each player's equipment must be safe and approved by members of the coaching and management staff. All other gear a player chooses to purchase to play the game of football is at her own discretion, subject to review and approval by members of the coaching and management staff.

Each player of the Boston Militia is responsible for paying \$500 in player's fees to the Team. This fee is non-refundable and it is due, in full, on or before March 1, 2012.

If any player has not paid her player's fee by March 1, 2012, that player will not be placed on the roster for the 2012 season; this means that the player's fee must actually be received by the General Manager on or before March 1, 2012.

Each player also is responsible for registering with the WFA and paying the WFA's \$25.00 registration fee on or before March 1, 2012. Each player must provide the General Manager with proof she has done so on or before March 1, 2012.

Unapproved absences will not be tolerated and may result in immediate termination of player's association with the Team.

All players of the Boston Militia are required to travel with their teammates, in a group, for all away games, provided that they are selected for the game day roster. Only 45 players will be allowed to travel to away games. The Boston Militia will arrange and pay for core transportation and room for those players selected for the game day roster for an away game. Any player not selected for the roster for an away game is encouraged to attend the game, but must provide her own means of transportation and travel accommodations.

Confidentiality

All players are required to keep confidential all information provided to them by the Boston Militia which is confidential and/or is intended for use only by persons associated with the Team for the Team's purposes. This includes, without limitation, play books, game strategy, and other competitively-sensitive information. All players are required to maintain such information in strict confidence. Players are required to not disclose such information to anyone, and to discuss it only with other Boston Militia players, management, and coaching

staff to the extent necessary to participate in Boston Militia activities. This policy benefits you, as a player, by protecting the interests of Boston Militia in the safeguarding of confidential, unique and valuable information that is part of our competitive advantage in the WFA, among other things.

Players must understand that this restriction will continue to apply after the termination of player's association with the Team, regardless of the reason for such termination. Upon the Team's request, termination of player's association with the Team, or the end of the WFA season, whichever is earlier, players must return all documents containing confidential information and/or information intended for use only by persons associated with the Team for the Team's purposes.

Should an occasion arise in which you are unsure of your obligations under this policy, it is your responsibility to consult with the Head Coach or General Manager. Failure to comply with this policy could result in disciplinary action, up to and including termination of player's association with the Team.

Public Relations

Boston Militia is fortunate for the opportunity to participate in the growing sport of women's football and believes it important for the Team's and sport's success that there are positive public relations. To that end, players must obtain permission from the General Manager before speaking or submitting any comments or writings to any media outlet, including by way of example print, radio, television, or internet, and to refrain from negative statements regarding the Team or WFA. If a player violates this policy, the player will be subject to discipline, up to and including termination of player's association with the Team.

Dress Code & Conduct

All players associated with Boston Militia are expected to present a clean and professional appearance when representing the Team, whether that is on or off the field. Players who come in contact with our public are expected to dress in Boston Militia apparel while representing the Team, including at a practice, meeting, game, traveling, or other activity. Each player will be provided with Boston Militia apparel and is expected to wear it when requested by Team management or coaching staff. Each player is responsible for laundering her Boston Militia apparel on a regular basis.

It is just as essential that players act in a professional manner and extend the highest courtesy to teammates, fans, opponents, vendors and coaches. A positive

attitude is essential to the Team's commitment for success and excellence as a football program.

Each player is required to conduct herself at all times with due regard to public morals and conventions. If, in Boston Militia's sole opinion, at any time a player does any act or conducts herself in any manner offensive to decency, morality or social propriety resulting in public scandal or ridicule, or should she do anything to disparage the Team or its program, the player shall be subjected to discipline, up to and including termination of player's association with the Team.

Prohibition Against Sexual Harassment and Discrimination

Boston Militia prohibits conduct of a sexually harassing or inappropriately discriminatory nature on the part of any of its players, coaches, management, or staff. Any player, coach, management, or staff found to have engaged in such conduct will be subject to discipline, up to and including termination of player's association with the Team.

The Boston Militia encourages healthy friendships among players and other persons associated with the Team. However, players, coaches, management and staff must be sensitive that comments or acts that one person may find acceptable another person may find offensive, intimidating, or hostile, and therefore you must refrain from making such comments or engaging in such acts. If you have any doubt as to whether a comment or act is acceptable or potentially unwelcome, you should not make that comment.

All players, coaches, management, and staff are personally responsible for ensuring that he or she does not harass or unlawfully discriminate against anyone. Retaliation against any individual for making a complaint of harassing or discriminatory conduct or for assisting in the investigation of such a complaint will not be tolerated.

Personal Relationships

Although the Team does not prohibit dating and other personal relationships among players, the association with the Team of individuals involved in a dating or other personal relationship with one another potentially may cause serious conflicts and problems with favoritism and player morale. They also may interfere with or disrupt the Team's program and the atmosphere of Team activities. Additionally, personal conflicts from outside the Team's program can be carried over into day-to-day playing or coaching relationships.

Accordingly, to remedy or avoid such problems, the Team may decide to terminate the association with the Team of either or all of the individuals involved and/or take other action to address the situation, in its sole discretion. This applies to all players, management, coaches, and staff without regard to the gender or sexual orientation of the individuals involved.

For purposes of this policy, a dating relationship is defined as a relationship that involves or is reasonably expected to lead to the formation of a consensual “romantic” or sexual relationship.

Personal Property

The Team is not responsible for lost, stolen, or damaged personal items or personal vehicles that are brought on the premises.

Drugs and Alcohol

Boston Militia takes seriously the problem of drug and alcohol abuse and is committed to providing a substance free environment for its players. This policy applies to all players, staff, coaches, and management of Boston Militia.

No player is allowed to consume, possess, sell or purchase any illegal substances on any property owned or rented on behalf of Boston Militia, or in any vehicle owned or rent on behalf of Boston Militia. No player may use, possess, sell, transfer or purchase any drug or other controlled substance which may alter an individual's mental or physical capacity. Please see WFA's Code of Conduct on this issue. Boston Militia does not believe this prohibition includes products and legal drugs which have been prescribed to that player and which are being used in the manner prescribed.

Boston Militia will not tolerate players who report for duty while under the influence of alcoholic beverages or drugs (other than properly prescribed medications), or who violate the alcohol and drug laws (for example, by consuming alcohol in the United States under age 21).

All players should report evidence of alcohol or drug abuse to the General Manager or other team representative immediately. In cases where the use of alcohol or drugs pose an imminent threat to the safety of persons or property, a player must report the violation. Failure to do so could result in disciplinary action for the non-reporting player.

Players who violate the Substance Abuse Policy will be subject to disciplinary action, up to and including termination of player's association with the Team.

As a part of our policy to ensure a substance free environment, Boston Militia players may be asked to submit to a medical examination and/or be clinically tested for the presence of alcohol and/or drugs. Within the limits of federal and state laws, we reserve the right, at our discretion, to examine and test for drugs and alcohol.
